

To bring attention to the fact that fit mother's are having ALL contact with their children removed, Hawaii supporters got together on Mother's Day on Maui to get the message out.

What did these mother's do wrong? They fled relationships of Domestic and Family Violence.

Maui's Family Court Judge Keith E. Tanaka is a notorious renegade judge who disregards statutory law in favor of abusers, placing children in harm's way.

Please come out and support the next rally...for the children.

Much Thanks to Maui's Kmart for supporting Domestic Violence Awareness.
