

Minnesota is taking to the streets, demanding that the Minnesota Legislature hear testimony on Judicial Corruption in the State of Minnesota.

They say:

WE THE PEOPLE have allowed our Minnesota Judiciary to become corrupt. Instead of the rule of law we now have whim of judges and justice to the highest bidder. The Legislature has abdicated its duty to oversee and discipline judges. Judges have written rules that allow them to take tips, otherwise known as bribes. They have their own rules that say they don't have to follow their own rules. They even have rules that say they don't have to follow state statutes.

FOR FOUR YEARS A GROUP OF PATRIOTS HAVE UNSUCCESSFULLY FOUGHT TO HAVE THIS TESTIMONY AND LEGISLATION HEARD IN MINNESOTA SENATE AND HOUSE JUDICIARY COMMITTEES.

The House and Senate Judiciary Committee refused to allow testimony, hence this "Ad Hoc Committee Setting. For 4 years, a coalition of groups and Citizens have tried to have legislation on Judicial REform and Accountability heard in both houses of the Minnesota Legislature. Senator Mee Moua of the Senate Judiciary Committee and Representative Joe Mullery of the House Judiciary Committee refuse to allow testimony to be heard and legislation to be brought forward. Senator Moua and Representative Mullery, do you think 4 years of diligent Citizen lobbying is sufficient to have Committee hearings this year?
