The Neighborhood Place

The primary objective is to engage family members and to provide them with the support and positive family strengthening, family development and empowerment programs and activities which will result in stronger, more cohesive, supportive family relationships. It is also to provide a pu'uhonua (a safe and nurturing place) for families to get the help they need without being judged or abused by the system. The goal is to create a sense of place that will provide services but at the same time, honor parents and caregivers as their children's first teachers.
