

If you're able to attend the hearing on SCR 91 this Tuesday in the basement of the Capitol building (Room 016) at 10:05am, we would be thrilled to have you.

The MAIN POINT of this bill is to expose how Domestic Violence is erased in child custody cases and how joint/sole custody is awarded to perpetrators, in violation of state law that says that perpetrators are not allowed custody.

PLEASE ask and encourage your family, friends, co-workers, neighbors and ANYONE whose witnessed what's happened to you and your kids to submit testimony saying how outraged they are at how your case and you have been (mis)treated. Ask that they demand the audit. If you are a **Professional: psychologist, M.D., caseworker, custody evaluator, Guardian ad Litem, attorney, etc. who is witness to abuses under color of law, please submit on behalf of your clients, patients, and court appointees**

Submit testimony:

OR anonymously, through [DV advocate Dara Carlin](#) or [AngelGroup](#) .

If you don't want to be identified in hearing, wear a hat, scarf and/or sunglasses. If possible, please prepare your statement ahead of time. ALL TESTIMONY WILL BE PUBLIC RECORD so that means everyone can see it, so if you're at all concerned about being identified do not use names - only titles, ie: the GAL, my ex, my son, my ex's attorney, etc. If an agency was instrumental in failing you and your children, do name name the agency, ie: HSCADV, DVAC, CPS so the legislators can see how large this problem really is.
